

# Moisture Scanner

## M72-SC

Non-destructive measurement of moisture content.

CE  RoHS

### Applications:

Wood , Building Materials , Concrete , Seepage inspection, General Materials...etc.

- Fast, Accurate and simple to use
- 8 Wood Groups and Calibration Build in
- Moisture limit value setting
- Temperature indication, °C / °F Available
- Data-Hold / Auto Power Off
- Digital LCD Display with Back-Light
- Battery Level Indication
- CE and RoHS Approved

For wood

For Concrete

### Specifications of M72-SC

<b>Measurement Range</b>	0 ~ 55% WME 0 ~ 50°C (32~122°F)
<b>Accuracy (at 25°C)</b>	Moisture: ±1.5% Temperature: ±1.0°C (±1.8°F)
<b>Wood Density Range</b>	0.26 ~ 1.05g/cm <sup>3</sup>
<b>Measuring Depth Range</b>	0 ~ 50mm ※Due to different materials and different depth.
<b>Display</b>	Digital LCD display with Back-Light.
<b>Main Functions</b>	※Data-Hold
	※Manual / Automatic shutdown
	※Built-in calibration function
	※°C / °F switchable
	※Battery symbol
	※Moisture limit value
<b>Power Supply</b>	One 9V battery
<b>Dimensions</b>	63.6 x 31 x 125.8mm (2.5X1.2X5.0 in)
<b>Weight</b>	Approx. 142g (battery included)
